

## 2024 Season Newsletter

### Cut-Your-Own & Pre-Cut Christmas Trees

### Live Balled Trees

The most wonderful time of the year is (almost) here! As the holiday season approaches, we invite you to experience a fun-filled visit to Sugar Pines Farm! While you can find a real Christmas tree in many places, nothing compares to the unforgettable experience of visiting a Christmas tree farm. So gather your loved ones and join us for a day filled with joy, laughter, and the quest for the perfect tree!

#### Cut-Your-Own Trees

Step into our picturesque fields and start the hunt! With nearly 2,000 cut-your-own tree options, including Fraser fir, Canaan fir, blue spruce, and Norway spruce you'll find trees ranging from 5 to 9 feet tall (*note: Norway field opens after 12/7*). If you're looking for something taller just head to the tree barn for great options! We provide everything you need — saws, sleds, wagons, twine, and a friendly crew to bale your tree (sorry, no power saws please). Keep in mind tree inventory changes daily, so be sure to visit our website or check our voicemail for the latest updates.

#### Fresh, Pre-Cut Trees

Not feeling like a lumberjack? No problem! Our cozy tree barn is stocked with a great selection of fresh-cut trees, including Fraser fir, Douglas fir, noble fir, Scotch pine, and white pine, ranging from 4 to over 12 feet tall (availability for trees over 10' is limited, so reserve early!). We proudly partner with other family-owned farms to ensure our pre-cut trees are top-notch and cut right before they arrive. We know a fresh tree is important to you, and it is to us too!

#### Live Balled Trees

Looking for something a little bit different for a Christmas tree this year? Our live balled & burlapped (b&b) trees can be enjoyed indoors for the holiday season and then planted outside to create lasting memories! We have over a hundred spruce and fir options, mostly in the 4-6' range, as well as some smaller potted varieties. Be sure to check our website in advance for care and planting tips to see if this option is right for you.

#### Seasonal Schedule
